KEY PROJECTS

2023 Sustainable Recycling Industries: Carried out a quantitative research project in iLembe District, KZN to better understanding e-waste awareness and behaviour.

2020 & 2022 SAB Foundation: Assisted the SAB foundation with various M&E and data management issues so as to better streamline and manage their data system and impact assessment tools/processes.

2021, 2022 & 2023 Seed and Knowledge Initiative (SKI): Worked closely with the SKI team, on various contracts, to review and improve their M&E and data management systems with partners throughout Southern Africa.

2021 Lively/LUMEC: Assisted in the analysis of GCRO (Gauteng) data as part of a social justice and public transport project. Through this analysis, a research report and interactive dashboard were developed as tools to present the findings of this research.
